

DRUM SANDER

To certify on the drum sander you will need to know:

1. The safety rules.
2. Demonstrate the use of the drum sander.
3. Know the parts of the drum sander.

Drum sander safety rules

1. Wear eye protection.
2. Remove jewelry, eliminate loose clothing and confine long hair.
3. Hold your work flat on the table.
4. Keep hands away from the sanding drum.
5. Move your material to avoid burning your project on the abrasive drum.
6. Use extra caution when sanding around corners, opening or areas where the sanding drum could grab your work and throw your project.
